

MAC SWINEY'S FAST ENDED BY DEATH AT 5:40 O'CLOCK THIS MORNING

Father Dominic and John MacSwiney With Him—Was Unconscious—Second Hunger Striker to Die After Nearly 74 Days Without Food—Body to Go to Ireland—Dramatic Incidents and Wife's Devotion.

By Telegram to The Freeman.
London, Oct. 25.—Terence Mac Swiney, Sinn Féin lord mayor of Cork, today gave up his life for Irish freedom. He died in Brixton jail at 5:40 o'clock, a martyr to his political principles, after being on a hunger strike since August 12. He was unconscious when the end came. The Rev. Father Dominic, personal spiritual adviser of the lord mayor, was at the bedside. Mrs. Mac Swiney, the wife, and two sisters, Mary and Annie, who had been on constant vigil at the jail for weeks, were not present.

The Rev. Father Dominic was called into the death ward at 4:35 o'clock, when it was seen that the lord mayor was breathing his last. He waited the end at the bedside, but was not allowed to telephone to Mrs. Mac Swiney nor to Arthur O'Brien, president of the Irish Self Determination League. Later O'Brien was notified and made an announcement of Mac Swiney's death.

John Mac Swiney, a brother, was the only member of the family allowed in the death ward while the lord mayor was breathing his last. He was at the bedside, but Terence didn't recognize him.

At 10:30 o'clock the body was still lying in Brixton jail.

Jail Heavily Guarded.

The police guard about the prison was heavily increased during the morning and strong reinforcements of mounted and foot police patrolled the streets about the jail.

Throughout the entire morning Scotland Yard continued to mass police reinforcements about the prison but there was no attempt at violence. A small crowd gathered but most of them appeared to be only curiosity seekers. The crown's solicitor conferred with the governor of Brixton jail and decided that the inquest should not be held today.

The Mac Swiney family appealed to the home office for permission to allow the body to lie in state in Southwark Cathedral. Up to noon no reply had been given to this request, but it was generally believed it would be refused.

The government announced at 10:20 that its procedure regarding the disposition of Mac Swiney's body had not been determined.

For nearly 74 days Mac Swiney had refused to touch food. This was the method he took to protest against his arrest and the general treatment of Ireland by England.

On Wednesday, October 20, the doctors at Brixton Jail infirmary began feeding Mac Swiney during intervals of unconsciousness. Small amounts of beef extract and brandy were administered. On Thursday food was forced upon Mac Swiney.

On the night of October 20 Mac Swiney became delirious and raved in paroxysms of delirium until his death. He sank rapidly on Saturday and last night before midnight the surgeons at the jail gave up all hope. It was announced that Mac Swiney could not live much longer and that the physicians had abandoned all hope of saving his life.

Second to Die.

Mac Swiney was the second Sinn Féin hunger striker to die in jail. Fitzgerald had died in Cork jail on October 17 after a hunger strike of 63 days.

The long, lingering death of Mac Swiney, while sympathetic organizations and individuals throughout the world appealed for his release, afforded one of the most dramatic and spectacular incidents of modern British history.

Mac Swiney's tenacious battle for life while he was slowly starving himself to death, resulted in persistent rumors that he was being clandestinely fed, but this was officially denied in the House of Commons by Sir Hamar Greenwood, chief secretary for Ireland, on October 10.

News of the death of Fitzgerald seemed to have a depressing effect upon Mac Swiney. His weakness was more marked than that of the lord mayor had a slight cold. This was followed by the statement that symptoms of scurvy had developed. On the following day another physician was called in to consult with the Brixton Jail surgeons. Mac Swiney was arrested at Cork on August 11. He was sentenced to prison by a British court martial sitting under the coercion act on the charge of having committed treason in his possession. The day before he began his hunger strike, eleven Sinn Féin prisoners in jail at Cork began a self imposed hunger strike.

Government Firm Throughout.

Sinn Féin threatened to engulf the United Kingdom in disorders if Mac Swiney were allowed to die in prison. For weeks protests poured in upon the British government. Crowds gathered outside the prison, the streets about Brixton Jail. The political sympathizers in various parts of Great Britain made plans to bring the government to their knees by the demonstration of their hunger strike. The government was allowed to die with the victims of imprisonment upon his memory. The wife and sisters of Mac Swiney pleaded to visit. A brother, Peter Mac Swiney, threatened to come from New York to pay a final visit.

Premier Lloyd George and his advisers remained adamant. As late as October 19, when parliament reconvened after the summer recess, Sir Hamar Greenwood announced positively that the government would not concede from its position on hunger strikers. From then to this time, when the premier returned from London, Switzerland, where he had been spending a vacation, it had been

MAC SWINEY OFTEN ARRESTED

By Telegram to The Freeman.
Terence Mac Swiney's prison career dates back to May, 1916, when as one of Cork's aldermen, he was arrested and deported without charge or trial to Wakefield Prison, England.

Some months later he was released without explanation.

He was again arrested in February, 1917, and again deported without trial to England.

He was again arrested in November of that year and sentenced to six months imprisonment for seditious speeches.

Because of ill health he was released in February of 1918, only to be re-arrested the following month. He was sent to Belfast prison to complete his sentence. His health broke down completely and he was released on September 6, but re-arrested shortly afterward and again deported to England without charge or trial. In March, 1919, he was released without explanation.

Warrants for his arrest were issued in September, 1919, November, 1919, January, 1920, and March, 1920, but all efforts to apprehend him failed until August, 1920, last, when he was taken into custody while holding court in the city hall of Cork and was deported to England for the fourth time.

HARDING ENDS CAMPAIGN SUNDAY

By Telegram to The Freeman.
Marion, O., Oct. 25.—Senator Warren G. Harding entered today the final days of the campaign with his labors practically complete.

Senator Harding remains quietly here at Marion, while his opponent, Governor James M. Cox is busily campaigning, until Wednesday, when he begins the final four day contest for Ohio. The speeches which the senator will deliver at Cleveland, Akron, Cincinnati and Columbus are nearly finished. The finishing touches will be put on them today and tomorrow and the rest of the time the senator will devote to clearing up correspondence, with which, because of previous speaking trips, he is somewhat behind.

Senator Harding will return from the Ohio trip next Sunday night, not to leave again until after November 2. He will receive the returns at his home in Mount Vernon avenue. Press wires are being run this week into a hangar immediately in the rear of the senator's residence and it is over these that the Republican candidate will learn his fate.

KING ALEXANDER HAD BAD NIGHT

By Telegram to The Freeman.

Rummage Sale Keeps Up.

The rummage sale being conducted by the ladies of Holy Cross Church, 562 Broadway, will continue through Wednesday, the store being kept open each night for the convenience of buyers. New goods have continued to pour in so that an exceptional number of bargains are still obtainable.

Premier that, if Mac Swiney died, his blood would be "upon you and your government."

Some obscurity clouded the exact nature of the official accusations lodged against Mac Swiney by the British government, although the chief charge was that he had seditious documents in his possession. After the prisoner had been in jail for some weeks, Premier Lloyd George declared that "MacSwiney was concerned in a conspiracy against the British constabulary, who are defenders of law and order in Ireland."

Arrested Under "Coercion Law."

Under the Irish "coercion law," anything in the nature of "indication" or "suspicion" warrants arrest, and it was under this new act that MacSwiney was taken into custody and taken across the channel to a British war ship and jailed in the historic Brixton prison. But as the charges of public opinion, not only in Ireland, but in London and throughout the world grew louder and louder, demanding "the reason why," further vague statements appeared in the British press as to the Cork magistrate's "evidence."

It was asserted that chief among the "seditious" documents were a secret cipher of the British police, and that the only "impossible reason" for possession of such a code was intention to conspire against the police. Then it was claimed MacSwiney was concerned with a meeting of the commandants of the Cork brigade of the Irish republican army and that since this army was one of "rebels against the crown" his conscription with it spelled treason. Another charge advanced in the press was that MacSwiney had in his possession documents plotting the Cork corporation's (city administration's) alliance to the Dan Freeman "Irish parliament."

RABBI LOUWISCH CHASED BY JEWS IN POUGHKEEPSIE

Members of Own Race Charge He Was Unfair to Bride of Few Months Who Killed Self—Is Principal of Hebrew School—Police Protecting Him.

By Telegram to The Freeman.
Poughkeepsie, N. Y., Oct. 25.—Rabbi Louwisch, principal of the Poughkeepsie Hebrew School, and numbered among the prominent Jews of Dutchess county, is under police protection at his home here today following a demonstration against him last night by people of his own race.

The suicide of his bride of a few months, who hung herself in the vicinity of Boston last week, following a divorce obtained by Louwisch on the grounds that she was a bolshevik and an advocate of free love, aroused sentiment against the rabbi. His case will be considered some time today or tomorrow by the school authorities.

Louwisch, a noted Biblical student and until today spokesman of his race in public affairs here, came to America from Russia ten years ago, leaving his sweetheart, a girl named Kerensky, in Odessa. Last August he sent for her and she arrived August 25. Shortly afterward they were married in New York.

Forty-eight hours after the ceremony, it is alleged, Louwisch left his wife and began proceedings for an annulment of his marriage on the grounds that she believed in free love and bolshevism. In a special term of the supreme court here October 2, Mrs. Louwisch admitted to Justice Morschauser that she was a bolshevik and had held office under Leon Trotsky in Russia. The divorce was granted and the young wife returned to a farm boarding house near Boston where Louwisch had taken her two days after their marriage. It was there that she committed suicide.

When news of the suicide reached Poughkeepsie there was a sudden change of feeling against Rabbi Louwisch. Jewish residents of this city gathered near his home and decided to demand his resignation as principal of the school. At the outset it had been their intention to send a committee to the rabbi to make this demand but as the crowd gathered near his home threats of violence were shouted by the more spirited members. Louwisch was warned of the approach of the throng and fled from his home. The crowd took up the chase which came to an end at the police station, where Louwisch, hatless and out of breath, asked for protection.

The crowd remained in front of the station house, shouting threats. Part of it went to the railway station to see that Louwisch was not spirited out of town. It was midnight before the demonstration quieted down.

Prominent patrons of the school of which Louwisch is principal explained today that they had retained a lawyer to investigate his case and that his report had convinced them that Louwisch had been unfair to his wife. His resignation is expected to follow last night's affair.

BRITISH STRIKE PARLEYS CONTINUE

More Hopeful View Prevails That Miners Troubles Will Be Settled, Preventing Others—Government Seems Ready To Give In.

By Telegram to The Freeman.
London, Oct. 25.—Informal conferences between Premier Lloyd George and officials of the striking coal miners, which were begun on Sunday, were continued today. A more hopeful view that the national coal strike would be settled and that the threatened national strike of the railway employees and the dock workers would be definitely averted was held in government circles.

According to the Daily Express the government proposes to grant the Federation of miners its demand for a wage increase of two shillings (normally 48 cents) per shift, and the "conversation" today centered upon a formula which would secure increased output of coal.

The government, says the Daily Express, is not particular how the increased production is secured and is willing to accept the assurances of the executive committee of the miners on that point, if the officials of the Federation of Miners will accept responsibility for it.

Representatives of the miners at the conference were Robert Smillie, president of the Federation, Frank Hodges, the secretary, and Herbert Smith, leader of the mine workers in North England.

The National Union of Railwaymen is marking time. J. H. Thomas, the secretary, said that nothing would be done until the Trade Union Congress assembled on Wednesday.

The emergency powers bill reviving certain clauses of the defence of the realm act to meet the dangers of a general triple strike of miners, railway men and transport workers was on the House of Commons schedule for debate and passage this afternoon. This bill had been introduced last Friday night when it appeared certain that Great Britain would be plunged into unprecedented industrial chaos Sunday night. The bill empowers King George to proclaim "an existing emergency," and to confer upon the cabinet full powers to preserve peace, to regulate supplies and maintain transit in the United Kingdom.

The government conference on the strike situation broadened today when Premier Lloyd George received the colliery owners for a parley on the proposals which had already been made to the miners.

Following the first session of the conference between the miners and the premier today the representatives of the strikers made a report to the executive committee of the Federation of Miners. It was announced that the conference would continue.

COX JUBILANT OVER PROSPECTS

By Telegram to The Freeman.
En Route with Governor Cox, Hinton, W. Va., Oct. 25.—Jubilant over reports received from Chairman White and Ed. H. Moore, Governor James M. Cox started today in his home stretch drive through West Virginia, Ohio and Indiana confident that his latest and most definite statement of position with regard to Article X of the league of nations will prove his most effective weapon in the "mop up" work he proposes to do in the week remaining before election.

Governor Cox insists that there is nothing in the proposed reservation to Article X, announced at Madison Square Garden, which he has not freely implied before. His advisors insist it is the clearest, the most convincing and most comprehensive definition he has yet made on the subject, and he will hammer away at it until his campaign ends in Toledo one week from today.

Under the reservation the United States assumes no authority to give aid to foreign powers unless authorized by Congress in each case.

SENTENCES PASSED IN COUNTY COURT; ROBINSON ARRAIGNED AS GAMBLER

Judson Decker Draws Minimum of Two Years at Dannemora—Charles A. Decker, Charles Newkirk and Collins Sent to Reformatory.

County court reconvened at the court house at eleven o'clock this morning for arraignment and for the sentence of prisoners who previously had pleaded guilty by Judge Fowler.

Arraigned As Gambler.

Glen Robinson of Saugerties was arraigned by District Attorney Traver on an indictment charging him with being a common gambler, in allowing the use of room, etc., etc., for gambling purposes in violation of Section 970 of the penal law, at the town of Saugerties, from the first of April, 1920, up to the time the indictment was found.

Robinson was represented by Grant M. Brinnier of Saugerties, who entered a plea of not guilty, reserving the right to make other motions later.

Wawarsing Burglars Sentenced.

Judson Decker, who previously pleaded guilty to two indictments for robbery in the first degree and burglary in the third degree, was arraigned by District Attorney Traver for sentence. He asked Decker whether he understood fully what he was doing, and Decker said "Yes." The charges against Decker for robbery charged him with robbing two men in the town of Wawarsing during August, and the charges of burglary were for entering the building of Union News Company at Ellenville, and the railroad station at Napanoch.

In answer to the usual questions, Decker said his occupation was farming, 34 years old, born at Kerhonkson, lived at Napanoch, can read and write, is single, his mother is living, his habits are temperate, he had been convicted of desertion from the army and had had opportunities for religious instruction in the Methodist church.

Judge Fowler sentenced him to imprisonment in the Clinton State Prison at Dannemora for a minimum term of two years and a maximum term of four years.

John Collins, who was associated with Decker in some of his crimes and who had also pleaded guilty to robbery and burglary, was next arraigned by District Attorney Traver for sentence. In answer to the usual questions, Collins said he was an automobilist by occupation, 19 years old, was born at Newport News, Va., lived at Baltimore, Md., can read and write, is single, his father is living, habits are temperate, had not been before convicted and had had opportunity for religious instruction in the Catholic Church.

In passing sentence, Judge Fowler told Collins his crime was equally serious, but on account of his youth he would not send him to state prison. He committed him to the New York State Reformatory at Elmira, to be kept there pursuant to the provisions of law.

Navy Deserter Sentenced.

Charles A. Decker was arraigned for sentence, having previously pleaded guilty to a charge of grand larceny in the second degree in stealing a Ford automobile belonging to Sam Rosen of the town of Wawarsing on July 11. In answer to the usual questions, Decker said he was a farmer, 21 years old, born and lived at East Kingston, can read and write, is single, his mother is living, habits are temperate, had not been before convicted and had had opportunities for religious instruction in the Methodist Church.

District Attorney Traver said Decker had been a deserter from the United States Navy and at the suggestion of the court he had communicated with the Navy Department which had replied it did not want him until the civil authorities of the state were through with him. Judge Fowler in passing sentence told Decker he ought to be able to make a good citizen of himself. He would therefore commit him to the New York state reformatory at Elmira, not for a definite term, but his term would depend on his good behavior.

Ventilator Lloyd Burglar.

Charles Newkirk was arraigned by District Attorney Traver for sentence on a charge of burglary in the third degree, in having entered the building of John S. Corning in the town of Lloyd on August 20, in answer to the usual questions, Newkirk said he was a laborer, 21 years old, born at Gardiner, lived at Poughkeepsie, can read and write, is single, his mother is living, habits are temperate, had been convicted for stealing a bicycle at Glenview, had had opportunities for religious instruction in the Methodist Church.

Judge Fowler sentenced him to the New York state reformatory at Elmira.

Suspended Sentence On 10 Year Old.

Stephen Lewis was arraigned for sentence by District Attorney Traver, having previously pleaded guilty to a charge of burglary in the third degree, in having entered the building of the Union News Company at Ellenville. He said in answer to the usual questions, that he was a handle maker, 16 years old, born and lived at Ellenville, can read and write, is single, father is living, habits are temperate, never before convicted and had had opportunities for religious instruction in the Reformed Church.

County court reconvened at the court house at eleven o'clock this morning for arraignment and for the sentence of prisoners who previously had pleaded guilty by Judge Fowler.

Robinson was represented by Grant M. Brinnier of Saugerties, who entered a plea of not guilty, reserving the right to make other motions later.

ROOSA MUST TAKE LESSER AMOUNT

His Verdict of \$1,100 Will Be Set Aside Unless He Agrees To Accept \$530.33—Dibble Action Goes To Jury.

The motion, made on the part of the defendant in the action brought by Amos Roosa against the Feeney & Sheehan Building Company, to set aside the verdict for \$1,100, as brought in by the jury last Friday on the grounds that it was excessive, was granted unless the plaintiff agrees to a reduction of the verdict to \$530.33. Judge James Jenkins and J. N. Vandervyn appeared for the plaintiff and Van Ethen & Cook for the defendant.

The action brought by William Dibble against Mary Lay, which was begun last week, was completed and sent to the jury shortly after noon. John B. Alliger, a passenger on the trolley car which Mr. Dibble was going to take when he was struck by the defendant's automobile, was sworn and testified that he saw Mr. Dibble make a signal to the motor-man to stop but had not seen the accident. He did not know Mrs. Lay's car had struck Mr. Dibble until someone stated that a man had been hit.

The next case on the calendar is the action brought by Albert Givens against Payne Whitney and another. Court took a recess at 12:15 until two o'clock this afternoon.

SEVENTY-FIVE "HIT THE TRAIL"

At Revival Services Being Held in Quarryville M. E. Church.

With seventy-five people "hitting the trail" the M. E. evangelistic campaign swept into the second phase on Sunday night at the Quarryville M. E. Church. Before 7 o'clock automobiles and wagons were waiting their way towards the church and at the entrance of the long service under the leadership of Prof. Kauffman nearly every seat was taken.

It was a mile stone in the campaign. Devotions were present from Malden, High Falls, Saugerties and a delegation from Manorsville, N. Y., forty miles up in the Catskills where the evangelists held their last series of meetings.

After a half hour's singing of God, the power in which the choir did it, self poured, Mr. Kauffman sang "Swing the Heart's Door Wide Open," and Mr. Muir preaching a telling sermon from 1 John 1:5: "The Word of Jesus Christ His Son, Cleaneth Us From All Sin." At the conclusion of the service the first altar call was given and as the choir sang "Just as I Am Without One Sin," scores of people made their way to the front to renew their allegiance to Christ, and many were taken.

The afternoon service was one of the "wordless" services and the church was completely filled. The whole middle section had been

reserved for mothers and they filled it. Mr. Kauffman sang "Tell Mother I'll Be There," and Mr. Muir preached about "Motherhood." Hardly a dry eye was seen in the house. It was shaken as if by the power of God. The old time type of revival was in evidence.

Services will be held all week. Tuesday is Red Cross night and Wednesday Malden night. Saturday a social will be held after the services. It is expected that the church will be filled each night.

**Pepto-Mangan, The Red Blood
Builder, Does Away
with Langueur**

If you don't feel like doing things,
you won't. If you wonder where some
people get all their energy, the an-
swer is from good food which in turn
makes rich, red blood.

If your food does not give the
nourishment and vigor it should, it
is most likely that your blood is so
weak it needs a little extra help for
a time to build it up to normal
strength.

Thousands of men and women
have been restored to vigorous
health and lasting happiness by
Gude's Pepto-Mangan. This beneficial
blood tonic contains the very prop-
erties so vitally needed to improve
the blood.

Pepto-Mangan, if taken
for a few weeks, will enrich the
blood and create thousands of the
tiny red blood cells that are so neces-
sary to carry nourishment and
strength to every part of the body.

Be sure to ask your druggist for
"Gude's" when you order Pepto-
Mangan. For convenience it is pre-
pared in liquid and tablet form, both
possessing exactly the same medi-
cinal properties. "Gude's" is the gen-
uine Pepto-Mangan. Look at the
name "Gude's" on the package.—

1920 FOOTBALL'S BANNER SEASON

(By Jack Velock.)

By Telegraph to The Freeman.
New York, Oct. 25.—The most
successful football season since be-
fore the war is well past the midway
stage today.

So far the season has been a most
interesting one. Really big games
have been played, but the time-hon-
ored classics are yet to come and
with the ringing down of the curtain
when the Army and Navy meet No-
vember 27, the football public will
surely have had its fill.

No less than five games between
eleven representing widely separated
sections of the country will clash
on the gridiron next Saturday.

Formost in importance this week
is the Army-Notre Dame contest at
West Point. Army has played and
won five games by sizeable figures.
Notre Dame has not been beaten and
has the scalp of the Nebraska hang-
ing at her belt. From all indications
this will be a football game in every
sense of the word.

Three other games of an intersec-
tional complexion will be played in
the east. They are:

Harvard vs. Virginia, at Boston.

Princeton vs. West Virginia, at
Princeton.

Navy vs. Western Reserve, at An-
napolis.

On past performances, the Crimson
Tigers and the Middles should be
able to win these games with com-
parative ease.

The fifth feature game will be
played at Ann Arbor, when Michigan
will take on Tulane University.

Aside from the contest at West
Point, the outstanding games in the
east will be staged at New Haven,
where Yale meets Colgate, and at
Philadelphia, where Pennsylvania
meets Penn State. Yale will un-
doubtedly take the measure of un-
happy Colgate and it appears that
Pennsylvania is in for a beating at
the hands of Penn State. Penn-
sylvania's showing Saturday against
"V. M. I." indicates that the Red and
Blue is a misfit aggregation.

In the western conference several
games will be staged that are sure to
attract keenest interest. There is a
triple tie for the leadership of the
Big Ten between Illinois, Chicago
and Ohio State. This tie will prob-
ably be broken when Chicago meets
Ohio State on the midway. Illinois is
expected to defeat Minnesota and In-
diana is favored over Northwestern.
The week just past furnished foot-
ball history and long after the season
is forgotten the football fans will
recall the Harvard-Centre game as a
feature. Centre went down to defeat
before a powerful football machine.
But Centre lost with honor and has
the distinction of being the first team
to cross Harvard's goal line this year.
If there is any doubt about Harvard's
strength as compared with that of
Centre, it should be dispelled with
the recollection that Harvard's
first touchdown, made during the
first ten minutes of play, was ac-
complished in several plays on
straight football. Harvard simply
knows too much football for Centre.
That's the answer, coupled with the
fact that the Crimson had more sub-
stitutes who could have been used,
while Centre had only a handful.

State Senator John J. Manion of Sac-
ramento, who is at the head of the
Oriental Exclusion League, which is
leading the fight to oust the Japane-
se from California. Senator Manion
is a lawyer by profession, was born
and reared in the rural section of
the state, and has earned a reputa-
tion as a determined "scrapper" in
the upper house of the state.

Warm Building Needed.

The Ulster County Chapter of the
Red Cross has been giving assistance
to a needy family in distress who live
at 164 Gage street, this city, where
there is a tiny baby and other chil-
ren and sickness in the family. In
spite of the generosity of the Red
Cross and friends, there is still a ser-
ious need of quilts and blankets, in-
fact any bedding, and The Freeman
has been asked to appeal to the more
fortunate Kingstons to help out this
family with gifts of such bed-
ding. It need not be new, only
warm and clean. Any such contribu-
tions should be left at 164 Gage
street, and they will be more than
welcome and appreciated.

Milk—The nominal wholesale

price is 3.85 per 100 lbs delivered in

During the week ending October

16 the exports to Great Britain

were equally as large as the previous

week. The market was more or less

glutted with very ordinary fruit

and the conditions in general re-
mained practically unchanged from
the last publication. No doubt the
strike situation will have some effect
on the market.

Apples—The fresh receipts for

barreled apples from Western New

York and the Hudson River Valley

are very liberal, also heavy arrivals

from various other nearby and

southern producing states during

the first part of the week, but some-
what lighter at the latter end. Soft
table varieties, such as McIntosh,
Snow and Jonathan were in very
small proportion to the general
supply and sold readily, but prices
declined slightly at end of the week
probably due to general decline in
market conditions.

Twenty-one and Greening mostly

were the bulk of the supply.

Basket apples of practically every

variety in liberal supply with the

demand only moderate, only the

best stock of soft varieties receiv-

ing attention, ordinary fruit drag-

ging. Shipments of bulk apples

steadily increased in quantity but

trading was very moderate. Green-

ings apparently constituted the large

percentage of the arrivals.

Market at close of the week was

slightly weaker for basket and bulk

apples and barreled stock.

Crab Apples—The receipts from

NEPONSET ROOFS

For Buildings of All Kinds

For sloping roofs on residences, garages, barns, or public buildings, Neponset Twin Shingles make as handsome and durable a roof as it is possible to find anywhere—and they are most economical.

Neponset Twin Shingles are impregnated with asphalt and heavily surfaced with crushed slate. No wonder they resist time and wear. Their natural slate-red and slate-green colors are restful and beautiful.

They will not catch fire from falling sparks. Because they are two shingles in one and self-spacing, they require less labor and less nails to lay.

FACTORY WAGES ARE STATIONARY

Reports to Bureau of Statistics Show Average Weekly Wage of \$28.73 During September—Few Industries Report Increase.

By Telegram to The Freeman.

Albany, Oct. 25.—The average weekly earnings of New York state factory workers has remained nearly stationary during the last few months. Manufacturers' reports to the bureau of statistics of the New York state industrial commission show an average weekly wage of \$28.73 for all industries in the month of September. This may be compared with the average weekly earnings of \$28.77, \$28.19 and \$28.71 reported, respectively, in June, July and August.

The trend of retail food prices continues to be downward. The bureau of labor statistics of the United States labor department reports a further drop of 2 per cent in the retail cost of food, in the country as a whole, from August to September. The decrease amounts to 2 per cent in Buffalo and Rochester and 1 per cent in New York city. From July to September the retail cost of food in the United States shows a drop of 7 per cent, while the average earnings of New York state factory workers shows practically no change. The September index numbers of average weekly earnings and of retail food prices with June, 1914, as the base of 100, are 226 and 205, respectively, for the month of September.

The changes in average earnings that occurred from August to September were, in general, of no great importance. A few industries reported considerable decreases because of part time operations due to dull business conditions and holidays. Some plants in Syracuse reported a shutdown for one day during the week of the state fair, while numerous plants in New York city and a few up-state closed down the Jewish holidays in September. Increases in average earnings during the month appear in several industries as a result of seasonal activity. Several plants also show resumption of full time operations after partial shutdowns in August for repairs, vacations or other reasons. A few firms still report increases in wage rates, while one plant reports a reduction in rates.

Decreases largely due to the existing depression appear in the automobile, cotton goods, sugar refining, clothing, silk and men's furnishings industries. Decreases due to Jewish holidays are found in the women's clothing and furnishings and millinery industries. A reduction in men's clothing was caused jointly by dull business and Jewish holidays. Lower earnings in the structural iron industry appear in September as the result of the shortage of cars and of materials in one large plant. The shipbuilding industry also shows a decrease from August to September. Increased activity in railway shops in September was offset in the earnings of workers in that industry by the loss of one day's pay on Labor Day.

The increases of the month appear in the cement, glass, brass and copper, heating apparatus, cutlery, fur goods, rubber goods, paints, oil products, miscellaneous chemicals, paper, paper-boxes, printing, rugs, flour and cereals, canning, meat packing, bakery, tobacco and illuminating gas industries. The increase in the heating apparatus industry is due to a resumption of full time operations after shutdowns in August on account of hot weather. The gain in the canning industry is the result of overtime worked on account of the tomato and fruit canning season. Seasonal fluctuations are responsible for the increases reported in plants producing furs, rubber goods, meat products, cereals, tobacco and illuminating gas.

CATHOLIC FEAST DAYS.

First Two Days of November Among Important Ones.

The feast of All Saints, one of the most important of the Catholic church will be observed Monday, November 1st, in all the Catholic churches in this city. The feast is a holy day of obligation. The following day, Tuesday, November 2nd, will be the feast of All Souls, which is also among the most important in the church, but is not a holy day of obligation. On this day a priest may say three masses and the feast is especially designed for the memory of the dead. On Sunday next in most of the Catholic churches will be according to the old time.

NEW YORK SUGAR MARKET

Irregular During Week With Little Business Done.

Raw—The raw sugar market was again irregular during the week with sales at 7 1/2c cost, insurance and freight for full duty sugars, 7.75c to 8c cost and freight for Cubas and 8.75c delivered for Porto Ricos. The range for sugar delivered at New York, all charges paid, was from 8.75c to 9.02c.

A slightly increased amount of Cuban sugar appeared among the sales but on the whole the business of the week was inconsiderable.

At the close the market is quiet with several further sales of full duty sugar from store at 8.75c duty paid. Refined—On the morning of October 20 the American Sugar Refining Company and the Franklin Sugar Refining Company re-entered the market at 12c less 2 per cent 7 days at New York, Boston, Philadelphia and New Orleans.

Since Wednesday the San Francisco refiners are reported to have advanced their selling basis to 12c and several western beet sugar companies quote 11.80c. Most of the eastern refiners are a little delayed on shipment and several are withdrawn.

Previous to its entry into the market on Wednesday the American Sugar Refining Company permitted the withdrawal of sugar under contract made at 22 1/2c in accordance with the offer of the company to the trade dated October 13, 1920. These sugars look the published price on that day of 11c less 2 per cent or 10.78c net cash. Balance of invoice at 22 1/2c is to be paid in quarterly installments as outlined in the offer.

HALLOWEEN SUNDAY.

Activities Will Be Staged Saturday Night.

Halloween, the name popularly given to the eve or vigil of All Hallow's or All Saints day, falls on Sunday this year and those who are planning revelries in their clubs and homes will observe the festival on Saturday night, although several interesting affairs will take place on Monday night.

October 31, which ushers in All Saints' day, November 1, is the survival of the age long growth of rite and symbol that began with the lighting of fires, an emblem of immortality, and carrying around huge blazing logs in homage of the sun, thanksgiving for the ripened fruit and grain and expressed a grief for the decline of the sun's glory.

The early Christian fathers found great difficulty in uprooting these pagan rituals and found it more possible to graft new names and consecrate the old significance. So the day devoted to prayers for the souls of the dead was fixed on November 1, and the priestly processions, ringing of bells, and exercising of spirits made way for the practice of ghostly appearances, candle and torch lights with the world idea of cheer with revelry.

Gladys Brockwell at Keene's—"Secret Gift" at Auditorium.

A story of unexpected twists and turns is the new Gladys Brockwell production, "A Sister to Salome" showing at Keene's tonight. The theme touches upon the fascinating subject of reincarnation and embodies a mystery that is maintained until the surprising denouement in the final scenes. Carter DeHaven in "The Molested Husband" is also featured as the comedy attraction with a Bray Pictograph and Fox News Weekly. Tomorrow Olive Thomas in "Youthful Folly," one of the best of this star's photoplays and one in which she scored her great triumph.

"The Secret Gift" at the Auditorium tonight treats of just plain folks the sort that everyone knows and not simple figures in fiction or on a strip of celluloid. "Hidden Dangers" the mystery serial starring Joe Ryan and Jean Paige is an added feature. Tomorrow Tom Mix in "Three Gold Coins."

"Adam and Eva," the American comedy of smiles and heart throbs, will come to the Kingston Opera next Saturday, matinee and night. "Adam and Eva" ran a year at the Longacre Theatre, New York, where it scored heavily. The play is by Guy Bolton and George Middleton.

HURLEY.

Hurley, Oct. 25.—There is an aftermath of interest concerning the husking bee at the Thielpape farm, which the reporter failed to get in time for the story printed then. As usual, second cutting is of fine quality, so this aftermath gives the finishing touch to the harvest of that day. The young people, besides husking corn for the farm, went a gunning, went hunting for nuts. As a final treat, the young people on arriving in the village by hay wagon were served with an automobile ride to Kingston and Poughkeepsie, thus prolonging the day's fun well up to the next morning. Mr. Thielpape had offered prizes for work accomplished. Miss Dorothy Brown of Kingston and Isaac Rooks of Hurley took off the first prize of \$5.00 between them. Miss Julia Lockwood and Ernest Myer carried home between them the second prize of \$2.00, while Miss Woodruff of New Jersey and Theodore Thielpape captured the third prize of \$1 for themselves. The booty prizes of ears of pop-corn were hotly contested for by Hurley girls and finally secured by two of them.

The Royal Society of High Spookery Spooks, a new organization has arisen in the village. This society intends to celebrate our spook season in a proper manner and will therefore hold a Spook Convention in the basement of the village church on Friday evening, October 23. All spooks, near spooks and would be spooks are requested to appear in a costume appropriate to the occasion. In spite of the mostly announcement of substantial refreshments will be served. A which will provide for a cauldron, which will serve to hold the free-will offerings of the contributors. All the better. Everyone is welcome. By the way, it is hoped that a dedication from Hurley's famous spook-hole will be present. Remember the date Friday, October 23.

A number of our Hurley folk attended the convention at Wallkill the early part of last week. The Misses Emmert, Cole, Dunn and Oliverbrook were the regular delegates to the convention.

BIG REPUBLICAN MEETING FRIDAY

Former Comptroller Prendergast, Mrs. Whitney and Judge Cunningham to Speak at Association Hall.

A big Republican mass meeting under the auspices of the Harding and Coolidge Club of Ulster county will be held at Association Hall on Friday evening of this week, at 8 o'clock. The meeting will be addressed by the Hon. William A. Prendergast of New York city, Mrs. Rosalie Whitney of New York and Judge William D. Cunningham, of the court of claims.

Mr. Prendergast's record as comptroller of the city of New York for many years is one of the best records ever made by any public official in any city of the state, and he has been one of the most noted public speakers in the Republican party for many years. He was a close personal friend of Theodore Roosevelt, and has been connected with some of the most important reforms ever inaugurated in the state of New York. Mrs. Whitney is the wife of former Public Service Commissioner Travis H. Whitney of New York. She has been active in the affairs of the women's Republican state committee, and her services have been widely sought by the speakers' bureaus of both national and state Republican committees. Judge Cunningham's ability as a speaker caused the Republican state committee to seek his services, and he has been traveling extensively through the state on behalf of the national and state tickets. It will be pleasing to Ulster county to have him close the Ulster county campaign in his home county.

Fewer Potatoes Off U. & D.

Potatoes are coming from Stamford down the Ulster & Delaware Railroad by the carload. Last year about forty carloads were shipped from that place to this city but potatoes to shippers say that it is doubtful if a dozen carloads will be shipped this year.

WHITMAN TO TALK AT SAUGERTIES

Republican Rally at Maxwell Opera House Tuesday Night Will Be Addressed by Three Noted Speakers.

A big Republican rally will be held at the Maxwell Opera House at Saugerties Tuesday evening under the auspices of the Harding-Coolidge Club of Saugerties.

The meeting will be public and the speakers will be Former Governor Charles S. Whitman, Judge William D. Cunningham of the court of claims and Mrs. Albert Hildreth.

The meeting will begin at eight o'clock and a large attendance of voters from all parts of the town, as well as from other sections of Ulster county, is assured.

Former Governor Whitman always has been popular in Ulster county and his independence and fearlessness while he was district attorney of New York county and governor of the state of New York have made him a national figure.

Judge Cunningham's ability as a speaker is too well known to need comment. Mrs. Hildreth is one of the best speakers connected with the Republican state committee, and is sure to have something interesting to say. Sickles's Band has been engaged to furnish music and everybody is cordially invited. Many Kingstonians will attend the meeting and will make the trip by automobile.

IN POLICE COURT.

Several Traffic Violators and One Drunk Desposed Of.

Richard Keator of East Kingston was arrested Saturday night for running his Ford car without lights. The arrest was made by Officer Gess on the Strand. This morning Keator, who is a negro, paid a fine of \$5.

Ambrose B. Crafts of New York city forfeited \$10 cash bail this morning in court. He was arrested on a charge of speeding by Officer Soper. Edward Stupell of Brooklyn arrested for the same offence, also forfeited \$10 cash bail by failure to appear in court.

W. H. Ward was the plain drunk. This was the first time he had ever been arrested and the court was lenient for that reason, discharging him. He was picked up Saturday night by Officer Stine Wood.

De Valera Mourns.

By Telegram to The Freeman. Washington, Oct. 25.—Eamonn de Valera, president of the Irish republic, was informed early today of the death of Lord Mayor Mac Swiney and was grief stricken. It was stated at his home that he might make a statement later in the day.

Burning Cork Pungent and Spicy. To remove the odor of burned food and to sweeten the air of a room generally, put a piece of ordinary cork in a hot stove lid or other iron plate and let it smolder and turn black. It will give off a fresh and fragrant odor which will overcome any other odor.

DAY LINE ENDS BIGGEST SEASON

The Hudson River Day Line season came to a close Sunday when the Robert Fulton went up the river to Albany, where she will lay up for the winter season. The Washington Irving made the down trip and will tie up at Desbrosses street pier. The steamer Albany was brought up some time ago and was tied up at the Sunflower dock in the Rondout creek, where she will remain in winter quarters. Never since the opening of the Day Line on the Hudson has there been a more successful season than the past, more passengers being carried by the line than ever before. Instead of closing early in the fall as soon as the warm weather is past, the Day Line has continued to operate its boats later each fall until the season has extended into the middle of October, a time when the Hudson river valley richly clothed in the red and brown of fall foliage, attracts hundreds of people who enjoy the wonderful scenery for which the Hudson has become noted throughout the world.

THAT THE PUBLIC MAY KNOW

What the Chairman of the Commission of Wisconsin Says:

"It has taken many years and the vast economic changes of the world war to bring the public to full realization of the fact that the true relationship between the public and the public utilities is reciprocal in its nature, demanding not only the public right to adequate and efficient service at reasonable cost, but also adequate return to insure the utility stability, prosperity and credit, without which it cannot long perform its public functions. It has not always been clearly understood how vitally public and individual welfare and progress are dependent upon public-utility service. Lately we have seen that transportation service is the foundation of modern national life, yet were other branches of utility service, such as gas, water, electric and telephone service to fail us, we should have the same demonstration of our vital dependence upon these services; in fact, they are even more intimately connected with our daily routine."

JACK AND GEORGES
NEARER TOGETHER

By Telegram to The Freeman.

New York, Oct. 25.—Jack Dempsey and Georges Carpentier may be matched to battle for the world's championship before the week is over, it became known today.

Jack Kearns, manager of the world's champion, admits having had several conferences with Francois Descamps, manager of the Frenchman, Tex Rickard, Madison Square Garden promoter, Charles Cochran, of London, who has Carpenter under contract, and William M. Brady, theatrical promoter, who represents Cochran in this country, regarding the match.

According to Kearns, Carpenter seems anxious to meet Dempsey and appears reasonable in his terms. Dempsey's manager stated further that negotiations have progressed to a stage where articles may be signed before Carpenter reaches France to spend the Christmas holidays.

When and where the match would be staged is uncertain. The purse to be hung up can only be guessed at. It is believed, however, that Cochran, Rickard and Brady will join hands in staging the bout and that if no hitch is encountered in securing a permit from the New York State boxing commission it will be put on at Madison Square Garden, probably on Washington's birthday.

K. H. S. TO BE 1920 CHAMPIONS

Without a doubt Kingston High School is out to capture the championship of the Hudson Valley and the Hudson Valley Interscholastic League. The local boys have been playing championship football all season, defeating or holding down to small scores the best teams in the surrounding section.

In the first game they held Albany High School, a much heavier and experienced team to a scoreless tie and on the return game were beaten on a referee's decision only, with a 2-0 score, which game has been protested. This second game was really Kingston's, but the officials deemed it necessary to penalize them 120 yards and hand the game to A. H. S.

Last week they defeated Poughkeepsie High School to the tune of 6-3.

Saturday they trounced the Newburgh Academy team with a 14-7 score.

Every eleven that the K. H. S. boys have gone up against has outweighed them, but their superior playing and knowledge of football has won the decisions for them.

The Kingston team is probably the lightest in the Hudson valley, but they put their whole heart into the game and just fight for victory.

Coach Hall has worked hard with the boys and hopes to see them win out as champions of this section of the country. All Kingston hopes that his desire may be fulfilled and that once more K. H. S. may hold the honor of champions of the Hudson valley.

K. H. S. BEATS NEWBURGHERS

Although Outweighed, Their Class Tells In 14-7 Score—Big Newburgh Captain And Several Team Mates Play Poor Game.

Before a large and enthusiastic crowd of people at the Athletic Field on Cornell street on Saturday afternoon, the fast and hard-playing Kingston High School football team defeated the strong and much heavier Newburgh Academy team by a score of 14-7.

The Kingston boys played a wonderful game and showed a much broader knowledge of the modern game of football. The Maroon and White team seems to be about the lightest high school team in the Hudson valley, but when they come up against their heavier adversaries, they prove that bulk and weight do not determine which is the best team.

Muller and Messinger at the ends, Yerry at guard and Davenport and Sears in the backfield turned out to be the mainstays on both the offensive and defensive for the defenders of the Maroon and White. If it had not been for the poor judgment in the managing of the team on the field on the part of McAndrew, the quarterback, Newburgh would not have scored and the local boys would have rolled up a much larger score against them.

One of the "features" of the game was the playing of Newburgh's captain and fullback, McKeever. McKeever was the roughest, foulest player that the local boys have played against this season or in any of their games of past seasons. He has a very disreputable habit of kicking and hitting his opponents when they are down on the ground during and even after a scrimmage.

There were two other members of the team, who seemed to be gifted with this habit, too. Crystall and Herman, who got in more than one foul play during the game.

First Quarter.

Newburgh chose to do the receiving at the beginning of the first quarter. Bott kicked off to McKeever, who was downed in his tracks on the Newburgh 15 yard line. Newburgh tried a series of line-plunges and end-runs, but this style of play did not gain them anything. On the fourth down, McKeever punted to McAndrew, who ran the ball back to the Newburgh 45 yard line.

On a series of line-plunges and end-runs, by Davenport and Sears, Kingston succeeded in placing the pigskin back of the academy goal posts. Davenport was the boy who took the ball over the line for Kingston and thus K. H. S. scored the first touchdown of the game on straight football. McAndrew kicked the goal giving K. H. S. seven points. Bott kicked off to Cody who returned the ball to the Newburgh 25 yard line. Then the Hills City Boys' heavy captain and fullback, McKeever was given the ball and tore through the Maroon and White line for three consecutive first downs. At this point in the game, the Kingston line stiffened and held firm for two more downs. Her Hudson, rt.; Herman, rg.; Hawkes, c.; the time-keeper's whistle ended the possession of the ball on their third down with 5 yards to go on the pill on the K. H. S. 35 yard line. Score: K. H. S., 7; N. A., 0.

Second Quarter.

On the first play Moore went through Case for 14 yards. Here, Newburgh attempted free rushes and McKeever succeeded in placing the ball on the Kingston 45 yard line. Once more, the Maroon and White line braced itself and the K. H. S. against the strong attacks of the Newburgh warriors and Kingston possession of the ball on down.

Standing back of his own goal, McAndrew sent a low, driving punt across field, the ball rolling out of bounds on the Newburgh 45 yard line. Kingston's line held hard and McKeever was forced to punt to McAndrew who ran back with the ball to the K. H. S. 40 yard line. Two forward passes to Muller netted gains of 20 and 12 yards, respectively. A forward pass to Messinger netted the Kingston team 15 yards more. From here, Davenport, Sears and Bott carried the ball toward the Newburgh goal line for substantial gains. The ball was passed back to Sears, who took it over the Newburgh goal line for Kingston's second touchdown. McAndrew kicked the goal.

Bott kicked off to McKeever, who was tackled on his own 12 yard line. The period ended with the ball in Newburgh's hands on their own 20 yard line. Score: K. H. S., 14; N. A., 0.

Third Quarter.

McKeever kicked off to Muller, who returned the ball to the K. H. S. 20 yard line before being downed.

From here Kingston advanced the ball to the middle of the field where they were penalized 15 yards for holding, and this made it 26 yards to go for a first down. Davenport went around end for a gain of 15 yards; Sears plunged his way through center for 8 yards more and McAndrew was thrown back for a loss of 2 yards. With the ball on the Kingston 48 yard line and on the fourth down, McAndrew attempted a forward pass. The pass was never completed and Newburgh gained possession of the ball in midfield.

On a series of line-plunges McKeever carried the pigskin up to the K. H. S. 5 yard line. The defenders of the Maroon and White decided it was time to call a halt to this Newburgh advance, so accordingly they forced the Borgers back to the 15 yard line. At this point, the ball went to Kingston on downs.

Again Davenport and Sears in a series of line-plunges and end runs pushed the ball back to the Newburgh 39 yard line. With 8 yards to go on the second down, the timer's whistle brought a stop to the play. Score: K. H. S., 14; N. A., 0.

Fourth Quarter.

On the first play, the Newburgh line held firmly. At this point in the game, McAndrew again disobeyed instructions and attempted a forward pass on the fourth down with the ball on the Kingston 27 yard line. The pass was, of course, incomplete and the pill was "handed" to Newburgh on the Kingston 27 yard line. On a series of line-plunges, McKeever carried the ball over the K. H. S. goal line for Newburgh's first and only touchdown of the game. McKeever kicked the goal.

McKeever kicked off to Muller, who ran the ball back to the Kingston 25 yard line. Bott carried the pigskin around end for a 12 yard gain. Once more he repeated the incident and was on the Newburgh 39 yard line when he was "thrown" by McKeever. Bott fell to the ground in an unconscious state, dropping the ball as he fell. Beaker fell on the ball. This was the part of the game in which McKeever and Wyrant exhibited their knowledge of dirty football playing.

On the first play Bott, who had not fully regained his bearings, was caught napping and McKeever threw a long pass to Beaker for a gain of 40 yards, placing the ball on the Kingston 30 yard line. At this time, Kingston was penalized 15 yards when McAndrew jumped on the runner after the referee's whistle had been blown. This placed the ball on the K. H. S. 15 yard line. On the next play, McKeever threw a forward pass to left end, which netted 5 yards. Newburgh was then penalized 5 yards for being off-side. They attempted another forward pass, which Davenport intercepted and ran back to the 20 yard line before a Newburgh man could bring him down.

Davenport went through right end for a gain of 12 yards. Sears went through tackle for 5 yards and McAndrew made a gain of 9 yards through tackle. Here the time-keeper's shrill whistle cut the air, bringing the game to close. Score: K. H. S., 14; N. A., 7.

Facts about the beard

How to eliminate hot towels and finger-rubbing in shaving

Every hair of the beard is coated with a natural oil. And that oil has been an obstacle in shaving.

The ordinary shaving soap or cream fails to cope effectively with this oil. Thus the beard cannot absorb water enough or quickly enough to make the hair cut easily. That is why men have had to use hot towels and rub the beard with the fingers—to force moisture into the beard.

A better way
Hot towels make the skin too tender. Finger rubbing means delay.

And with Palmolive Shaving Cream, these methods are not needed. For this is a lather that instantly emulsifies the oil-coating on the beard. Thus the water penetrates the stiffest beard quickly. And each hair is easy to cut.

Both Lather and lotion
Our cream contains both Palm and Olive oils. So it is a lotion as well as a lather. It gives the face a refreshing feeling of coolness, such as you've never before experienced after shaving.

Try it free
Send for a free trial tube. Mark what a wonderful difference when you shave with Palmolive. Note how nicely the razor slips over the face, for this cream lubricates the shave.

See, too, how prolific our cream is. It multiplies itself in lather 250-fold. One-half gram—a mere bit—you will note, suffices for a shave. A single tube supplies 152 shaves. That's something else you've never had before.
